The Tech Museum – Since its opening in 1998, the 132,000 SF facility has had more than 6.5 million visitors, which is approximately 500,000 visitors per year. Over 120,000 visitors came from California school groups, of which nearly 60,000 were from Title 1 schools. The museum is composed of 3 floors with a 280 seat IMAX Dome Theater, one of the top 10 attended in the US. The Tech has become a major landmark for visitors all over the world, giving them a glimpse into the latest in technology innovation.

HP Pavillion – Completed in 1992 and opened in 1993. It cost the city \$162.5 million to build with \$132.5 million funded by the City and \$30 million funded by HP Pavillion at San Jose Management. The HP Pavillion can seat up to 20,000 people including 66 executive suites. It has become home to the NHL's San Jose Sharks and is referred to as the "Share Tank" by San Jose locals.

Fox California Theater – Originally built in 1927, the theater re-opened after being closed for more than 30 years, on September 17, 2004 as a major performing arts facility, designed for live stage performances, opera, and motion pictures. It underwent a six year, \$75 million renovation under the direction of the San José Redevelopment Agency and the Packard Humanities Institute, which financed over one-third of the project costs. The building is 85,000 SF with a 4,000 SF courtyard and second floor terrace. The theater is one of the best preserved examples of the late 1920's motion picture houses in the country. The theater's facade on First Street includes a re-creation of the original marquee and California vertical sign. It is envisioned as the centerpiece of San Jose's South First Street Theater, Arts and Entertainment District.
